# TIMBERLINE GLAMPING AT UNICOI STATE PARK

Unicoi State Park is a must-visit! This 1,050-acre state park is located immediately northeast of Helen, in the northeastern portion of the state. The centerpiece of the park is a 53-acre Lake on Smith Creek possessing amazing views. Enjoy the views from your glamping site and relax with included amenities like a wood fire pit, and picnic tables. You will have a very comfortable bed with proper linens. You will have places to sit, places to eat, and places to charge your phone. You will still be able to wake up and have a fresh cup of coffee from a Keurig Coffee Maker.

We, at Timberline Glamping at Unicoi State Park, do provide heaters in the winter and air conditioners in the summer but remember this is a tent with a canvas exterior. If you are looking for [camping in Helen GA](#), you have come to the right place!
